

FREE AT LAST

Jackie Day

C1. I am black, I am woman
I was worry, my history's long
Want to go way, way back in time
And tell you how it all began

C2. Wearing a rag around my head,
Sometimes wishing I was dead
But I have heard a good man say,
Before he passed away

REFRAIN

**“You're free at last, free at last, free at last.”
Free at last ! Free at last ! Free at last !**

C3. I have been cursed I have been scorned
People I've been spit upon
I've seen my man kicked around,
His head is touching the ground.

**I'm free at last ! Free at last ! Free at last !
Free at last ! Free at last ! Free at last !**
